KOTE PHANI VIKASH

Vijayawada, India | Mobile: +91 9052833617 | Gmail: phanivikash@gmail.com

PROFESSIONAL SUMMARY

Results-driven Operations Expert and former Subject Matter Expert (SME) at Amazon Development Center with over 4 years of experience in data annotation validation, quality assurance, SOP optimization, and multi-process management. Proven track record of performance excellence, earning rapid promotions from Associate to SME (L2.5 stretch role) and L3 Ops Expert. Skilled in leveraging Python programming and AWS cloud concepts to drive data-driven defect analysis, workflow automation, and process efficiency. Strong communicator and team coach adept at dispute resolution, stakeholder management, and maintaining SLA compliance across cross-functional operations.

CORE COMPETENCIES & SKILLS

- **Quality & Operations:** Quality Auditing, Annotation Validation, SOP Optimization, Defect Analysis, Dispute Resolution, SLA Management, Stakeholder Coordination, Workload Allocation.
- **Technical Skills:** Python Programming, AWS Concepts & Cloud Basics, Data Handling.
- **Process Leadership:** Subject Matter Expertise (SME), Associate Coaching, Training & Development, Continuous Improvement, Multi-Process Management.
- **Soft Skills:** Problem-Solving, Assertive Communication, Time Management, Cross-Functional Collaboration.

PROFESSIONAL EXPERIENCE

Amazon Development Center — Vijayawada, India

Operations Expert (L3) 2026 – Present

- **Operations Management:** Oversee core operations, monitor multi-process workflows, ensure 100% SLA compliance, and drive strategic process improvements and stakeholder coordination.
- **Metrics Management & Defect Analysis:** Track and analyze key quality metrics, identifying root causes of recurring errors to implement corrective and preventive action plans across multi-use-case workflows.
- **SOP Optimization:** Identify operational bottlenecks and resolve ambiguities in Standard Operating Procedures (SOPs), enhancing workflow clarity, throughput speed, and annotation accuracy.
- **Operational Continuity:** Oversee cross-functional shift operations and maintain business continuity while adapting rapidly to changing business requirements.

Subject Matter Expert (SME) — L2.5 Stretch Role 2025 – 2026

- **Process Guidance & Escalations:** Served as the primary escalation and process point of contact, guiding Associates through complex guideline interpretations and edge cases.
- **Associate Coaching & Training:** Conducted targeted quality briefings, one-on-one performance coaching, and training sessions to improve team-wide SOP adherence and execution quality.
- **Dispute Resolution Mechanism:** Led the end-to-end dispute management process for annotation quality disagreements, evaluating cases against SOP guidelines with evidence-based reasoning.

Associate Oct 2022 – 2025

- **Quality Auditing & Validation:** Performed comprehensive quality audits on annotation workflows, evaluating compliance with established SOPs and upholding customer-defined quality benchmarks.
- **Performance Excellence:** Recognized as Best Performer among Associates in 2024 for exceptional quality, consistency, and productivity metrics.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering
Priyadarshini Institute of Science and Technology, Tenali — Graduated: 2022

Diploma in Metallurgical Engineering
Government Polytechnic College, Vijayawada — Graduated: 2019

CERTIFICATIONS & KEY ACHIEVEMENTS

- **Best Performer Award (2024):** Amazon Development Center (Recognized for exceptional quality and operational consistency).
- **Career Progression:** Progressed from Associate to SME (L2.5 Stretch Role, 2025) and promoted to Ops Expert (L3, 2026).
- **AWS Certified:** Hands-on foundation in cloud architecture, core AWS services, and infrastructure basics.
